EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations make amendments in relation to England to—

- (a) Annex 12 to Regulation (EU) No 1169/2011 of the European Parliament and of the Council on the provision of food information to consumers (EUR 2011/1169) (“Regulation (EU) No 1169/2011”), and
- (b) Articles 44 and 50(1) of Commission Delegated Regulation (EU) 2019/33 supplementing Regulation (EU) No 1308/2013 of the European Parliament and of the Council as regards applications for protection of designations of origin, geographical indications and traditional terms in the wine sector, the objection procedure, restrictions of use, amendments to product specifications, cancellation of protection, and labelling and presentation (EUR 2019/33) (“Regulation (EU) 2019/33”).

The amendment made to Annex 12 to Regulation (EU) No 1169/2011 enables an alternative indicator (% alc/vol) to be used (instead of one of the other specified indicators) with a figure indicating the actual alcoholic strength of a beverage to which that Annex applies (regulation 2).

The amendments made to Article 44 of Regulation (EU) 2019/33—

- (a) requires the actual alcoholic strength of wine and certain other wine sector products to be indicated to a figure of not more than one decimal point (regulation 3(2)(a)) rather than to a unit or half-unit;
- (b) enables an alternative indicator (% alc/vol) to be used (instead of one of the other specified indicators) with the indicated figure to indicate the actual alcoholic strength of wine and certain other wine sector products (regulation 3(2)(b)).

The amendment made to Article 50(1) of Regulation (EU) 2019/33 enables wine and certain other wine sector products on which two or more wine grape varieties (or their synonyms) are named to be marketed where 95% of the product (reduced from 100%) has been made from those varieties (regulation 3(3)). This does not affect the need to comply with the existing labelling requirements relating to the naming of those varieties in the second subparagraph of Article 50(1)(a)(ii).

A full impact assessment has not been produced for this instrument as no, or no significant, impact on the private, voluntary or public sector is foreseen.
