## Consultation criteria

6. This consultation will be conducted in line with the Cabinet Office Consultations Principles. These can be found at <https://www.gov.uk/government/publications/consultation-principles-guidance>.
7. This consultation sets out our core policy proposal and asks for your views on whether it is the right approach. The consultation also asks for views on additional measures, and on suggestions relating to the practicalities of how new restrictions might apply.
8. This consultation will remain open for 8 weeks. A previous Call for Evidence on the compulsory microchipping of cats closed in January 2020.
9. The findings of the consultation will help us determine which new measures to bring forward in legislation.
10. A summary of responses to this consultation will be published on the government website at [www.gov.uk](http://www.gov.uk) within 12 weeks of the consultation closing. The summary will include a list of organisations that responded but not personal names, addresses or other contact details.
11. If you have any comments or complaints about the consultation process, please address them to:
