Dear Consultee,

Consultation on proposed amendments to the WaterSure Scheme.

We are writing to invite views on the proposed reforms to The Water Industry (Charges) (Vulnerable Groups) (Consolidation) Regulations 2015, commonly referred to as the WaterSure Scheme.

We are seeking views on following proposals:

1. Extending the list of qualifying benefits to include non-means tested disability benefits for those claiming through a qualifying medical condition.
2. Updating the WaterSure bill cap to the amount of the average metered or unmetered bill (whichever is lower).
3. Capping bills for single occupiers at the average bill for a single occupier.
4. Removing the option for water companies to require a medical practitioner's note for health conditions not specifically listed in the WaterSure regulations.
5. Specifically listing more potentially qualifying medical conditions.

The Consultation can be viewed on GOV.UK here: <https://consult.defra.gov.uk/consumers-and-affordability/reforming-the-watersure-scheme>

We welcome your views and comments on the proposals. If you would like to obtain a copy of this consultation, please contact WaterAffordability@defra.gov.uk.
