Dear Consultee,

Proposed North Sea and Channel Sprat Fisheries Management Plan (FMP) Consultation

I am writing to invite views on the North Sea and Channel Sprat Fisheries Management Plan and its associated Environmental Report.

This consultation is an opportunity for you to help shape and influence the future of sprat management policy in England and Scotland and builds upon previous engagement with industry.

The consultation survey has three parts:

1. Personal details and confidentiality (required)
2. Questions on the FMP, Environmental Report and stakeholder engagement report.
3. Consultee feedback on the Online Survey (required)

You only need to respond to the questions that you wish to answer. There is a mixture of general and specific questions. However, all respondents must complete the required 'Consultee Feedback on the Online Survey' and 'personal details and confidentiality' sections before you are able to submit your response to the online survey. We welcome any further information and evidence to support this work - you can supply that directly via FMPconsultations@defra.gov.uk.

The following documents can be found on [Citizen Space](#)

- Consultation document

- Proposed Sprat FMP
- FMP Environment Report
- Engagement report
- De-minimis Impact Assessment
- A summary of Statutory Nature Conservation Body advice

Responses

To submit your consultation response please complete the consultation questionnaire provided through Citizen Space (Citizen Space is an online consultation tool). If you require a copy of the consultation, please contact us at FMPconsultations@defra.gov.uk.

Responses, additional information, or documents can be sent to:
