

# Countryside and Rights of Way (CROW) Act 2000

## REVIEW OF STATUTORY DIRECTION

### CONSULTATION OUTCOME REPORT ON EXISTING DIRECTIONS

Prepared by Peak District National Park Authority

June 2024

Land Parcel Name:	Direction Ref.	Relevant Authority
Deer Hill – Site B	2014037129	Peak District National Park

#### 1) Introduction

The Peak District National Park Authority (PDNPA) has completed its consultation on the review of the long-term direction to restrict CROW access on this land. The consultation was held between 21 February and 5 April 2024.

A response from the Peak District Local Access Forum in relation to the existing directions was received. The Local Access Forum agrees that the extent and nature of the restrictions are still appropriate.

#### 2) Outcome

The Authority and Natural England have met with the Club regarding the review of these long-term directions. The Club has confirmed that the directions are required for the purposes for which they were originally applied for, and that there have been no changes to the level and nature of use. Public access continues to be provided on a permissive basis for climbers only

The PDNPA is satisfied that the restriction of CRoW access in accordance with the fall of shot zones is necessary on land management and public safety grounds and to have regard to requirements for site certification.

It is proposed that the existing direction continues as follows:

- Extend the end date to provide a further 6 years.

#### 3) Summary of Restriction

Land Parcel Name:	Dates of Restriction	Reason for Exclusion
Deer Hill – Site B	31 December 2029	Public Safety and Land Management

Details of the restriction will appear at [www.openaccess.naturalengland.org.uk](http://www.openaccess.naturalengland.org.uk).
