

## **Countryside and Rights of Way (CROW) Act 2000:**

### **PROPOSAL FOR A LONG TERM DIRECTION BY THE RELEVANT AUTHORITY**

#### **SUMMARY FOR PUBLIC CONSULTATION Prepared by Forestry Commission**

#### **1. INFORMATION ABOUT THE PUBLIC CONSULTATION**

<b>Case Reference Number:</b>	2019018784
<b>Name of site/land parcel:</b>	<b>Drove Rigg – Woodland – NY 708 846</b>
<b>Access Authority:</b>	<b>Northumberland County Council</b>
<b>Relevant Authority:</b>	Forestry Commission
<b>Local Access Forum:</b>	Northumberland National Park & Countryside Joint LAF

The Forestry Commission has received an application under section 25 (1b) of the Countryside and Rights of Way Act (the Act) for a direction to exclude the public from the site indicated on the attached map, in order to carry out timber harvesting operations.

Having considered the application, the Forestry Commission now proposes to give a direction on the site that would last for longer than 6 months continuously for 200 days between the 12<sup>th</sup> February 2019 and 31<sup>st</sup> October 2021. The Act requires us to consult publicly on all such proposals for 'long-term directions'.

This is a summary of our proposal, explaining the reasoning in support of our proposal. It is accompanied by a map of the site which can be seen on the Open Access website:

[https://www.gov.uk/government/publications?publication\\_filter\\_option=consultations](https://www.gov.uk/government/publications?publication_filter_option=consultations)

To access the consultation enter "Open Access" into the free text box titled "Contains" and then filter by "Natural England" in the Department drop down. Other documents relating to the proposed direction may be inspected and copies obtained by contacting the Forestry Commission at Buller's Hill, Kennford, Nr Exeter, EX6 7XR; e-mail: [cca@forestry.gsi.gov.uk](mailto:cca@forestry.gsi.gov.uk).

## **2. SUMMARY OF RELEVANT AUTHORITY PROPOSAL**

**i) Summary of proposed direction to restrict access**  
Long term outline direction

**ii) Why is a statutory restriction necessary?**  
On Public Safety Grounds

**iii) What is lowest level of restriction required?**  
Full Exclusion of Public access

### **ADDITIONAL INFORMATION TO SUPPORT THE APPLICATION FOR OUTLINE DIRECTION OF LONG TERM CLOSURE**

#### **DROVE RIGG – COUPE 55330 – NORTH ENGLAND FOREST DISTRICT**

The proposed felling coupe, to be known as Drove Rigg, is projected to produce around 50,000m<sup>3</sup>/40,500t of timber to supply local and national markets. The site covers approximately 92 hectares (Gross).

The parcel will be worked as part of the direct production programme commencing late 2017 (est. End of October/Start of November). Due to the reliance on timber markets, precise timings of harvesting operations are not currently known, but it is planned that work will start on schedule and the site will be worked in one continuous operation.

The risk assessment carried out identifies that timber harvesting operations present a risk to public safety; it is therefore necessary to exclude the public from the site during operations.

The work will be carried out using normal forest harvesting techniques, i.e. harvester/forwarder. Given the size of the site in order to reduce the impact on length of operations, two harvesting teams will work the site for a significant period, estimated average output of around 750 tonnes per week should be achieved. Given this level of production and allowing time for unforeseen circumstances, it is estimated that harvesting operations will take approximately 57 weeks.

In addition to the exclusion of the public other controls will include the use of warning and prohibition signs placed at strategic points around the worksite. Signs will also be placed on the forest roads approaching the worksite.

There are no formal recreational facilities within, or in the immediate area around, the felling coupe, and informal recreational use of the area is low. Therefore, the controls mentioned above should be sufficient to manage access on the site.

To maintain operational flexibility it is not feasible to split the coupe into any smaller areas. We will need to have the ability to react to changes in the timber markets and changes in weather conditions by moving production around the site.

I hope that this additional information is of use to support the application for direction.

Neil Gibson  
Forester  
North England Forest District

### **3. SUBMITTING COMMENTS ON THE REVIEW:**

If you wish to comment on the review of this direction then you must do so before 13<sup>th</sup> March 2019 directly to the Forestry Commission at Buller's Hill, Kennford, Nr Exeter, EX6 7XR; e-mail: [cca@forestry.gsi.gov.uk](mailto:cca@forestry.gsi.gov.uk).

A map accompanies this notice and can be seen on the Open Access website from 12<sup>th</sup> February 2019:

[https://www.gov.uk/government/publications?publication\\_filter\\_option=consultations](https://www.gov.uk/government/publications?publication_filter_option=consultations)

If, following consultation, we decide to give a long-term direction, we must formally review the decision, not more than 5 years after it is given. We may also revoke or vary the direction at any other time, if new evidence comes to light showing that the circumstances have changed.
