NOTICE OF RELEVANT AUTHORITY DECISION FOLLOWING REVIEW OF DIRECTION RESTRICTING CROW ACCESS RIGHTS

Prepared by Natural England

Access authority: Calderdale Council
Relevant authority: Natural England

Direction reference: 2010065572

Land Parcel Name	Direction Reference	Details of restriction on original direction
Hawks Stones	2010065572	Land management purposes to avoid disturbance to livestock during lambing. No public access between 5 April and 17 May each year.

Natural England has now decided how to proceed following its review of the above mentioned direction to restrict open access rights on this land. A consultation has been held between 28 January 2020 and 27 February 2020 with statutory consultees and the general public. We did not receive any comments.

Outcome of the review:

Natural England's decision is to leave the direction unchanged in the way it was originally proposed and extend the end date for a further six years.

It is necessary to exclude CROW access between 5 April and 17 May each year for land management purposes to avoid disturbance to livestock during lambing.

Natural England's policy for long term directions is that they should not be given for a period of more than 6 years. Therefore the original direction will be varied to have an end date of 9 March 2026.

Date review completed: 9 March 2020
