Name of site/land parcel: Smoothing Sike - COUPE 75160
Grid reference NY 6430 8290
Access authority: Northumberland County Council
Local access forum: Northumberland National Park & Countryside Joint LAF
Consultation began: 18/10/2019
Consultation ended: 15/11/2019

Date of direction notice: 21/11/2019

The Forestry Commission has now decided how to proceed following its consultation about a proposed direction to restrict CROW access on this land. The relevant authority's decision is to give a direction restricting CROW access in the way it originally proposed. This is because it is necessary to restrict CROW access to this extent to prevent danger to the public.

A copy of the direction is enclosed for your information. Details of the restriction will appear on the relevant map of access land on the Open Access website at <http://www.naturalengland.org.uk/openaccess>.

Where a direction restricts access indefinitely, for more than five years, for part of every year, or for part of at least six consecutive years, we are obliged to review it within five years of the date of issue.

Justification for direction

- Official closure of CROW land is needed to exclude the public for safety reasons as timber harvesting operations are extremely hazardous.
