Prepared by Forestry Commission

Case reference number: 2024030132
Name of site/land parcel: Symonds Yat
Grid reference: SO561156
Access authority: Gloucestershire County Council
Local access forum: Gloucestershire Local Access Forum

Consultation began: 26th April 2024
Consultation ended: 24th May 2024

Date of direction notice: 8th June 2024

The Forestry Commission has now decided how to proceed following its consultation about a proposed direction to restrict CROW access on this land. The relevant authority's decision is to give a direction restricting CROW access in the way it originally proposed. This is because it is necessary to restrict CROW access to this extent to prevent danger to the public.

A copy of the direction is enclosed for your information. Details of the restriction will appear on the relevant map of access land on the Open Access website at <http://www.naturalengland.org.uk/openaccess>.

Where a direction restricts access indefinitely, for more than five years, for part of every year, or for part of at least six consecutive years, we are obliged to review it within five years of the date of issue.

Justification for direction

- Official closure of CROW land is needed to exclude the public for safety reasons as timber harvesting operations are extremely hazardous.
