Dear Stakeholder,

UK REACH Authorisation List: disodium octaborate

We are writing to invite views on the Call for Evidence on amending Annex 14 of UK REACH (The Authorisation List) to include disodium octaborate.

We welcome any evidence on the use of disodium octaborate in Great Britain and the potential impact that adding disodium octaborate to the UK REACH Authorisation List could have.

This Call for Evidence is open for 8 weeks, **from 17 June 2022 to 12 August 2022.**

How to Respond

We ask that any responses be sent **by 12 August 2022** using the online portal at <https://consult.defra.gov.uk/reach-policy/annex-14-call-for-evidence-disodium-octaborate> you can also email reachworkprogramme@defra.gov.uk, attaching any supporting documents.

Postal submissions can be made to:
